REFORM CLUB NOTES .- An alphabetical at of the members of the club was read at the meeting last night to ascertain if any innecuracies ex sted in it which the electary had overlooked. To-DAY.-The hair and sheet of yesterday was succeeded less night by a bright mountight, s acry eight, but the wind soon changed to the northess, the patter of the rain was heard on the housetops, and the people awake this moraing to find a rainy, disagreeable day. This was a said disappointment, for change havin; been scarce the past week, Christmas purchases had been postponed until this, and even then every thing had been put off uncil the very last moment. Cakes had to be baked, essues of temon had to be hought, common was needed, and a thousand other fittle things had to be precured. The household machinery was elegated and cull not move "Ob, pshaw! this is always the way. I had a thou-and things to attend to enidoers to day, and it is valsing just as hard is it cao," went up from a thousand firs. But still i rained, and notwish standing the looking and wishing, no silver lining could be discovered basind the dark clouds. The people that were empelled to be out her ried to and fro with despair depicted on their constenances, and those who anxiously desired to come cut, but were alread to venture, flattened their neses against the window panes, and sighed and worked themselves up. The children sang all the morning to no effect, "Rain, rain, go away and come another day." The boys, toe, were low spicited for the sound of the born was not heard, indeed desire failed and the mourners went moon the streets.

COLORED WEDDING .- Of late, fashionable weddings have been quite frequent among the leading colored people of this etz, belies of which have from time to time appeared in the Gezette, and this morning the following account was cent to this office, with the request that it be published as written :

"Rev. O. E. Perpener, of Waelder, Texas, and Mes Leuisa P. Manuire, of this city, were linked in hymon's chains, bound in matrimone, and their two hearts made to heat as one, by Rev. S. W. Maiden, paster of the First Baptus Church (colored). Both of the contracting parties being members of the First Baptat Church, the coremony was performed there at the declock n. m. in the presence of a large con-6:15 d'elock, p. m. in the presence of a large con-Immediately after the conf the marriage coremony, the party repaired to the 7 o'clock train, on which they left, for their new home, secompanied by friendswho left them at Washington. In Washington the bridst party repaired to the Philadalphia liouse, where they partook of a bountful repast, spread by their friends. From themes they went this morning for Texas, where the green will engage in missionary labor, in the service of the Baptist denomination."

THE MARKET TO-DAY .- the mark it today, in consequence of the inclement weather, was not verly largly attended by layers, but there was a large supply of everything on hand calculated to make a good Christmas diener. l'ouliry was selling cheap to day with almost a certainty of a rate in prices to morrow. Good turkins sold at 12 gepts per pound, chick se 15 to 30 sents a piece, geete 60 to 75 cents a tires. good rost beet from 12 to 15 dones per pound and rabbits, which are considered fine by same tax payers have to pay for the gas the yought to and not so good by others, 25 to 30 costs a pair. The usual number of Christmas greens at this time of the year, were in the market, and thes: who had them for sale evidently expected to make a good thing of them.

COLORED RIFORM CLUB.-A large and enthusiastic meeting of the colored Reform club was held in the First Baptist Church, colored, in this city, less night. Remarks were made by the paster of the church, Rav. S. W. Madden, President of the clab, Rev. Fields Cook, Edgar Beckley and Travis Pies. At 9 o'clock Rev. Mr. Pestee, of the M. E. Church, made his appearance and was called upon for a speech. and responded in a few remarks of advice and encouragement, after which the pledge was presented and eighteen signatures were added to the already large list of membership. The projectors of this movement say its success is assured, and expect to do a good work among the colored people.

Perry Threying,-There is a good deal of small theving being committed in this city at the present time by the gangs of boys that go about the city with the buckets on their orms lorging. Their castem is to knock at the door and in a whicing, hypocritical voice ask for bread, and while the servant is gone to prepare them something they step into the hall and · take whatever is convenient for them to take nwiy. A bouse on Price street, between Alfred and Patrick, occupied by a colored lamly, was entered a lew mights ago and robbed of a quantity of clothing and travisions.

DANGERGUS WELL, -A deep well, heretofore naknowa, was discovered this morning on Altred street, opposite the Peabody school unidiag. A young man samed John Barbour, while passing through the alley, fel: something give way beneath him, and reported the encumstance to a rentleman, who, upon examining the locality, discovered the well. The proper suchoricles were informed of its existence, and us the danger is great, it will be attended to immedi-

Hay Goods TRADE. - Notwithstanding the Continued advance in all styles of heavy Cotton and Woolen goods, D. F. Brashear is selling more to country merchants than ever before, and at less prices than Baltimere quotations Mr. Brashear purchased very fracly in the early part of the season, before the advance, and is dred acres of land or siving the trade the benefit of low figures. Call in Fairfux county.

A PLEASANT AFFAIR - A very pleasant effair was an entertainment given at the Belle Haven Institute last evening, by the young lad er of the Chaucerian Literary Society, espected with this Institution. The audience was made up of the parents of some of the years, ladies and a few invited guests, all of whom seemed to enjoy the eccusion to the utmost. The excercises consisted mainly of charades, tableaux and mu-ic. First came a tableau of the Chaucerian Literary Society, in which the young ladies appeared in pretty and appropriate costume; then followed the charader, in all of which the young ladies did well, and each one deserves her share of the praise awarded on all hands at the conclusion. "How to Manage," "Mad csp," "Mrs. Jonas Jones," and "Refinement" were presented in the order named, and where el did their parts so well it would be invidious to make mention of any particust one. These young ladies deserve much credit for the piece manner in which they got up these occasional pleasant opisedes in their hum-drum school loss nothing from their regular duties, as the by Professor Hayden, who was present-followed by re'ect pieces, soles and duets-by the young ladies. Lastly must be mentioned the supper-to which only the invited guests remained. This was just what it should have been, and was greatly or joyed, as all who were

present can testify. A number of the young ladies leave to day to spend their Christmas at home. Msy they and those who remain erjoy the season as much as their guests did the occasion last evening.

CHRISTMAS CELEBRATIONS.-The Sunday schools of this city are all activaly making prepara ions for their Christmas celebrations, which bid fair this year to equal those of any previous year, and will no doubt be very interesting. The celebration of Corist Church Sunday

The celebration of the Sanday school at St. Paul's church will take piece to morrow afternoen, at four o'elec't.

THE CUTHING AFFAIR. - The reports of the condition of the young man who was (u) on Sanday night last at a house on north Lie street, were much exaggerated yesterday. The wounded man is considered out of danger provided he is kept periodly quietly. The young man, charged with participation in the affiair, and who cave himself up yesterday evening, was kept in the station house all night, and had a hearing this evening before the Mayor, and also says that his mill near Seventh street wharf Justices May and Thompson, who sent him on will be ready for work in a day or two, and that to the grand jury, which mee's next January, be will then be able to tell whether or not it refusing to admit him to bail.

The party who is charged with the cutting is for him, but without success.

THE FAIR .- The fair for the benefit of the Sinces of the Holy Cross was largely attended last right. The Alexandria Musical Association was present, and discoursed some splendid mu ic, and the evening was very enjoyably spent. The balloting for the cape to be presected to the most popular gentleman excites a good deal of interest. Ex Mayor Kemper is

Nor DEAD .- Noah Geesling, who was re peried some time ago as having been drowned while oystering down the river is not dead, but slive and well, and expense to crips a good Christmas, Superstining reople would seriously object to their death notions being published before their demise, but Noah is as calm acd p'acid as a summer more.

DARK NIGHTS .- The almanae says moon light makes, the corporation says moonlight nights, but Providence has intervened and given us dark rights. The people have to be out, especially at this time of the year, and as the erly the banefit of lighted streets during these intensely dark nights.

Found on the Alert,-Mayor Smith was out sgain last night stirring up the policemen, and reports that they all answered to the sum moss promptly. He has also issued his Christmas proclamative by which it will be seen that he restricts the enjoyment of none, not even the hera blowing boys.

FROM WESHINGTON.

Special Correspondence of the Alexa. Gazette. WASHINGTON, D. C., Dec. 23, 1879. Mr. J. R. Popham, Clerk of the U. S District Court for the castern district of Virginia and edi or of the Richmond Intelligencer, is in the city to-day. In a short conversation with your correspondent to the Treasury Darar ment in ref. retce to Vergicia efficers, he said that General Mahone was for himself firs, his friends next, and after that circumstances would dictate his course; that so far as his national politics are concerned he will await developments, as that would certainly be the wiscest policy for him to pursue; that he has expressed himself is preferring Grant to Sherman, Grant to Tiden, and that some time ago he even said he preferred bim to Bayard; that as it is generally believed he really wants to be Governer and again obtain control of his old line of railroad, which he naturally desires to make a great success, it will be to his interest to keep as quiet as possible until after the next gubernatorial election, and in the meantime attempt to conciliate all parties and make himself as pepular as possible, so as to recure that object of his ambition, and as this course is dictated by his own interests he will in all probability follow it to the letter.

Mr. Keogh, the newly elected secretary of the National Republican Executive Committee, is authority for the statement that the Hayes influones, which has heretofore been supposed to be exerted in the Sherman interest, will hereafter be used to boost the Grant boom.

The Surreme Court, yesterday, in the Florida Central Railroad case vacated the super cedess bond on the ground of gross fraud, and refused leave to grant a new one. The boad referred to was fer \$100,000, and was obtained by L. P. Baine, fermerly of Alexandria, by paying worthless suretics small some for signing their names.

Notwith standing the inelement weather prevailing to day the sire its and stores here are crowded with people, among whom are many adies, engaged in laying in Ciristmas supplies and tuying Cl ristmas gifts. The ladies, incased ets, Shawls in great variety, with other decirable in gossamer water proofs and with their feet goods. protected by rubbers, splash about through the mud and s'ush and rain with a recklessness that to observers unsicustemed to such sights is rul, remarkable.

Government conks have almost as much holiday as school children. They ceased work at one o'clock to day, will cease at twelve to merrow, will do nothing on Christmas and New Year's day, and doring the intervening days will work only from ten to two c'eleck

Mr. Freich, the president of the company receally organized here for the purpose of de sulphurizing gold ore, says that the ore his company expects to operate upon is worth from \$75 to \$200 a ton, and that there are thousands of tons of it in Virginia and North Carolina, rofuse ore, such as has been worked once, and that the only trouble in obtaining supplies of which arises from the difficulty of transportation. He will pay to creet similar mills at the sites of the deposits, and that his mill here is only an tx still at large. It was reported list night that perimental affair. In this connection it may be he was in the city, and vigilent search was made stated that it is reported here that a pocket has lately been discovered in an old gold mine in Spottsylvania county, va., from which \$140,000 has already been taker.

R. Bell, j., formerly of Alexandria, now resident in this city, joined the Southern Ro publican Association here at its last meeting.
